

Press release

Environmental award from the city of Vienna for Kapsch TrafficCom.

Vienna, March 25, 2021 – **The City of Vienna has honored Kapsch TrafficCom as “OekoBusiness Wien 2021”. The global provider of intelligent traffic solutions took part with its operations in Vienna's ÖKOPROFIT (Ecoprofit) environmental service program. The program aims to help companies reduce waste, raw material, and water and energy consumption at business locations in Vienna.**

“The Oekoprofit program is a great start on the road to become a more sustainable company,” says Juliane Höbarth, Head of KapschTrafficCom's Environmental Sustainability Program. “It helps us identify the biggest sources of emissions in our company at the Vienna operating site and understand how to reduce them.”

Experts examine environmentally friendly business practices.

In a series of workshops, the Ecoprofit experts from the environmental consultancy Denkstatt worked with Kapsch TrafficCom to analyze carefully selected environmental data and identify potential savings and improvement measures. “We learned that in the industrial sector, the product life cycle accounts for the largest share of CO2 emissions. That's why we focus on evaluating the CO2 footprint of our products and the emissions savings potential of our portfolio,” reports Höbarth.

Kapsch TrafficCom is “OekoBusiness Vienna 2021”.

The project team presented the results of the program in the form of a report and a presentation to the expert commission of Oekoprofit. Kapsch TrafficCom was then recognized by the Advisory Board for its commitment to sustainable business practices by the City of Vienna as “OekoBusiness Wien 2021”. The certificate is valid for a period of one year.

Kapsch TrafficCom is a globally renowned provider of transportation solutions for sustainable mobility. Innovative solutions in the application fields of tolling, tolling services, traffic management and demand management contribute to a healthy world without congestion.

Kapsch has brought projects to fruition in more than 50 countries around the globe. With one-stop solutions, the company covers the entire value chain of customers, from components to design and implementation to the operation of systems.

As part of the Kapsch Group and headquartered in Vienna, Kapsch TrafficCom has subsidiaries and branches in more than 30 countries. It has been listed in the Prime Market segment of the Vienna Stock Exchange since 2007 (ticker symbol: KTCG). In its 2019/20 financial year, around 5,100 employees generated revenues of EUR 731.2 million.
