

Corporate release

Kapsch TrafficCom has sold its interest in Fluidtime Data Services (“Fluidtime”).

As per November 1, 2020, Kapsch TrafficCom sold its 75.5 interest in Fluidtime (Austria) to this company’s management. In the future, both companies will pursue separate strategies. However, joint customers will be served based on a sales partnership. This enables Kapsch TrafficCom and Fluidtime to continue offering innovative Mobility-as-a-Service (MaaS) solutions in combination with traffic management solutions. After the full acquisition of tolltickets (Germany) as per October 1, 2020, this current transaction is a further step taken by Kapsch TrafficCom to focus on strategic business areas.

Kapsch TrafficCom is a globally renowned provider of transportation solutions for sustainable mobility. Our innovative solutions in the application fields of Tolling, Traffic Management, Demand Management and Mobility Services contribute to a healthy world without traffic congestion.

We have brought projects to fruition in more than 50 countries around the globe. With our one-stop solutions, we cover the entire value chain of our customers, from components to design and implementation to operation of systems.
