

Ad hoc Release

Prolongation of the Czech tolling contract signed

Vienna/Prague, 29 August 2016 – Kapsch TrafficCom AG (ISIN AT000KAPSCH9), listed at the Vienna Stock Exchange in the prime market segment, informs that the Czech Minister of Transport has signed an amendment to the existing agreement on the operation of the nationwide toll system for road freight transport. The assignment is valid for a maximum of three years. For this period, the remuneration for Kapsch TrafficCom will be up to 5.3 billion CZK (i.e. approx. 194.6 million EUR). The initial contract with Kapsch TrafficCom would have expired at the end of 2016.

Kapsch TrafficCom is a provider of intelligent transportation systems (ITS) in the segments of toll collection, traffic management, safety and security, smart urban mobility and connected cars. The end-to-end solutions of Kapsch TrafficCom cover the entire value creation chain of its customers as a one-stop shop, from components and design to the installation and operation of systems. The core business comprises the development, installation and operation of electronic toll collection and traffic management systems.

References in 44 countries on all continents have made Kapsch TrafficCom a globally recognized ITS provider. As part of the Kapsch Group, an Austrian family-owned technology group founded in 1892, Kapsch TrafficCom is headquartered in Vienna, Austria, and has subsidiaries and branches in 30 countries. It has been listed since 2007 on the Vienna Stock Exchange (KTCG) and generated revenues of EUR 526 million in the fiscal year 2015/16 with over 3,700 employees.
